Polar Educators International What's Up 2017?

polareducator.org

Our Mission

PEI is a vibrant network promoting polar education and research to a global community.

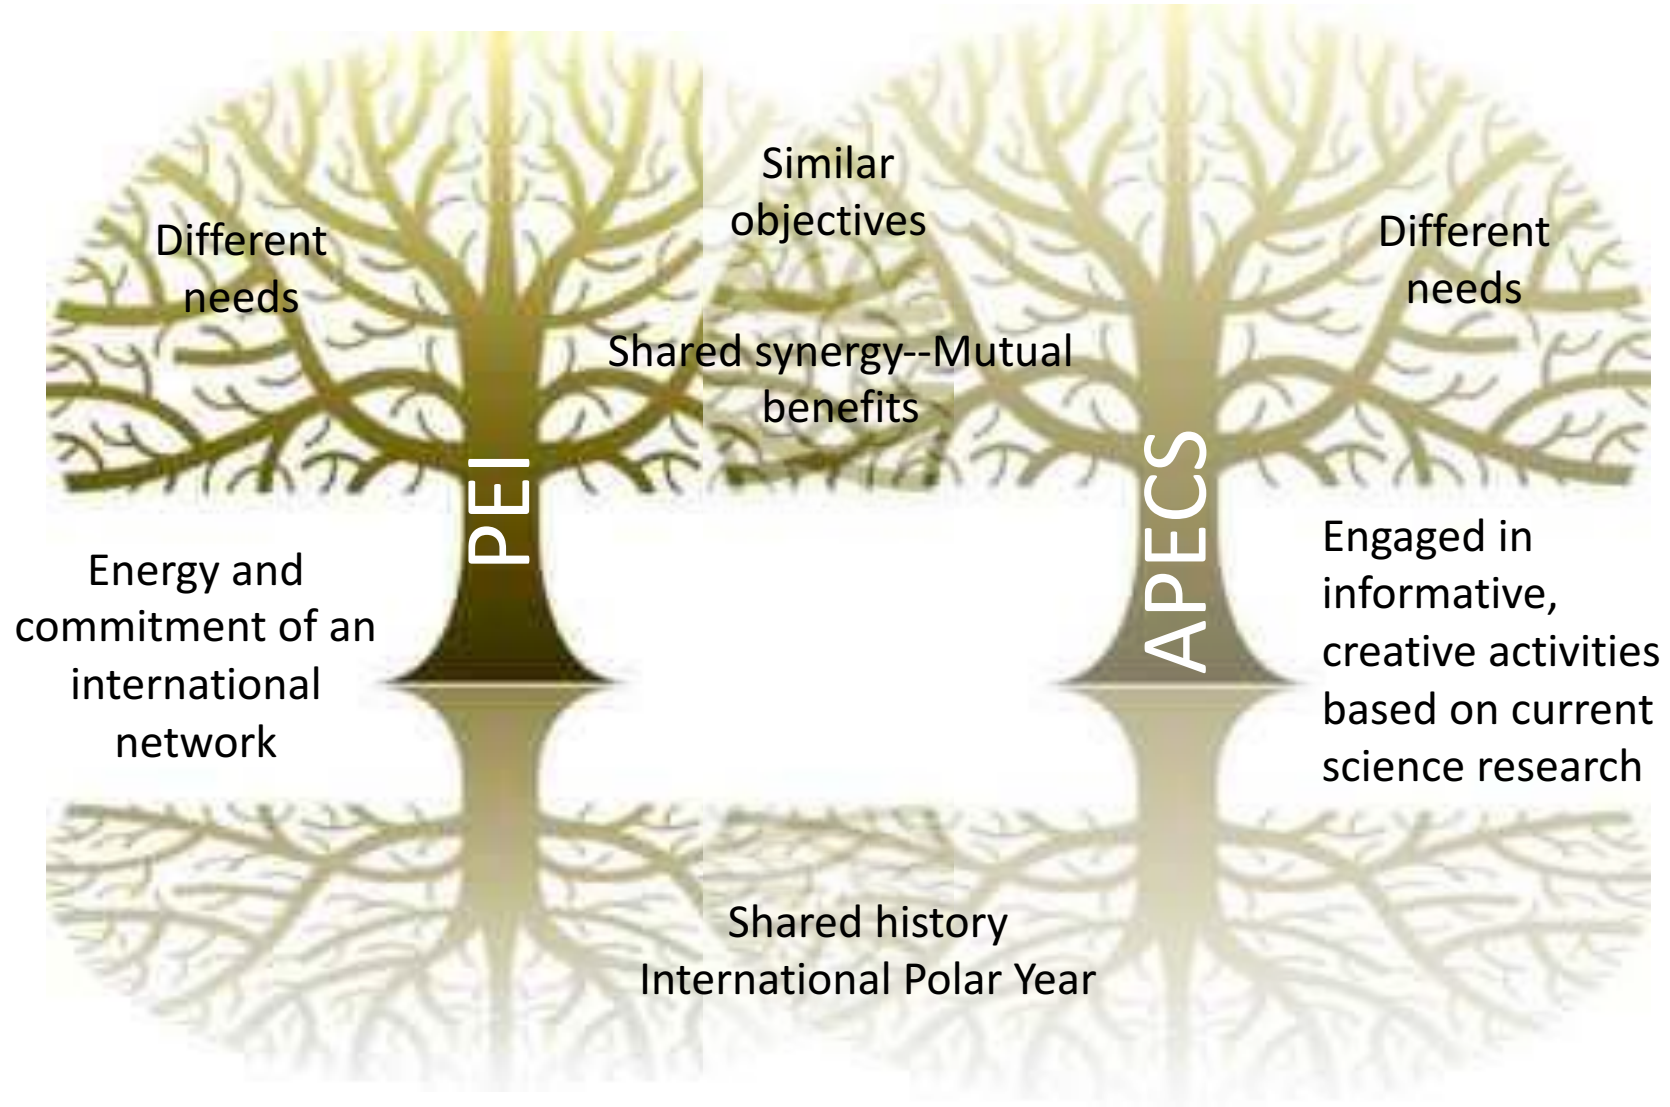

Our Vision

Polar Educators International is a vital international network of educators and researchers aiming to provide a deeper understanding of current polar science. PEI represents trusted leaders working to inspire appreciation and knowledge of the polar regions, their connectedness to all Earth's systems, and importance to all humans across latitudes and cultures.

Where we are now...

Purpose & optimism as we work for the health of the planet

Shared commitment of educators and researchers to Education and Outreach

Your Executive Committee

Patrícia Fialho Azinhaga - President

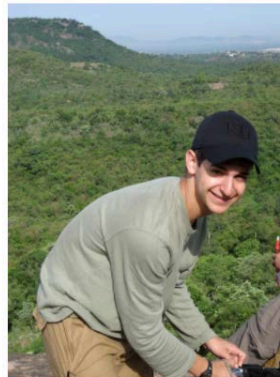

Matteo Cattadori - Vice President

Alfredo Soto - Vice President

David Martinez - Vice President

Betty Trummel - Vice President

Julia Dooley - Vice President
