

Poster Presentations

Name	Topic
Anna Belcher	The UK Polar Network: Engaging The Next Generation Of Polar Scientists
Silvia Dotta	Polar Project At School: The Influence Of Man In The Marine Food Web
Victoria Dutch	The Potential For The Migration Of Climatic Signals In Ice Cores
Markus Eugster	Climate Change Education And Projects In Swiss Secondary Schools
Agata Goździk	EDU-ARCTIC: Encouraging Students aged 13 to 20 to Pursue Further STEM Education Using Webinars, Polarpedia, Citizen Science and Arctic Competitions
Yoichi Motoyoshi	Communicating: National Institute of Polar Research (NIPR) Conducts Several Outreach Activities Related To Polar Education

Snap Talk Presentations

Name	Topic
Silvia Dotta	Polarcasts: Production Of Scientific Videos Co-Authored Between Researchers, Teachers And Students
Markus Eugster	Swiss Glaciers and Glacier Monitoring
Rainer Lehmann	An entire year trapped in the Arctic sea ice - MOSAiC - The Multidisciplinary drifting Observatory for the Study of Arctic Climate
Jaswant Singh	UV-Absorbing Pigments In Plants Growing At Polar Regions
Deanna Wheeler	Connecting Students Through Their Actions In Our Watershed To The Polar Regions
Anthony Specca	Model Arctic Council at Secondary-School: NORMAC and MAC Bilbao
Paola Tello Guerrero	Antarctica For The Brave - Empowering A Generation Of Brave Children Through Love Of Nature, Antarctica And Penguins
Dianne Watson	The UK Polar Explorers Project
Ram Vijayaraghavan	Communicating Scientific Tasks Carried Out In Antarctica Through Stop-Motion And Frames Using Mascots (Lego Mini-Figures)
Rocco Alessandro Monteduro	Project: North Exploring Treviso (NET) - Students Performing And Presenting Arctic Climate Research
Maria Pia Casarini	PEI And Other Polar Education Initiatives: Connecting, Communicating, Collaborating, And Creating
Jamie Buchan-Dunlop	Science From the Ends of the Earth
